

Duane Edward's Salon – The Salon Difference!
Price Menu of Services

Hair Services - To reward our stylists for improving their skills, the Salon employs the European level system of pricing for hair services. In this system, as stylists improve their skills through continuing education, we reward them by allowing them to charge more for their services. We believe this is the fairest system for all. If you are unsure of the price of a service, please ask your stylist.

Facials – Our aestheticians will design your facial with your skin type in mind. Our facials feature Repechage and natural products, containing seaweed extracts. Treatments are available for men and women. Many of our facial and skin care treatments can be combined for cost savings, and some can be done while color is processing. Please ask.
